R E M A R K S

Applicant has carefully considered the above identified Office Action, and in response thereto is addressing each issue raised by the examiner in the remarks hereinbelow. In this regard, applicant is canceling without prejudice claims 1 - 31 and adding claims 32 - 56.

Specification

Applicant has removed the phrase, "the present invention introduces" from the abstract of disclosure.

Claim Rejection 35 USC 102

Applicant has canceled claims 1 - 31, therefore the rejection concerning these claims is moot. Applicant respectfully disagrees with examiner concerning the use of the Lemelson et al. '058 patent. Lemelson et al. does not teach or suggest displaying a commercial advertisement based on the type of vehicle. Further, Lemelson et al. does not teach or suggest displaying a commercial

advertisement based on the status of a traffic light.

Claim Rejection 35 USC 103

Applicant has canceled claims 1 - 31, therefore the rejection concerning these claims is moot. Applicant respectfully disagrees with examiner concerning the use of the Lemelson et al. in combination with the Mizunuma et al. '889 patent. Lemelson et al. does not teach or suggest displaying a commercial advertisement based on the type of vehicle. Further, Lemelson et al. does not teach or suggest displaying a commercial advertisement based on the status of a traffic light. Therefore, the 103 rejection fails, because Mizunuma et al. must stand on its own merit. Mizunuma et al. does not teach or suggest displaying a commercial advertisement based on the type of vehicle or displaying a commercial advertisement based on the status of a traffic light.
